■ **Low Voltage Directive**

Image of the industry

Market and trade issues
■ **Market Surveillance...**

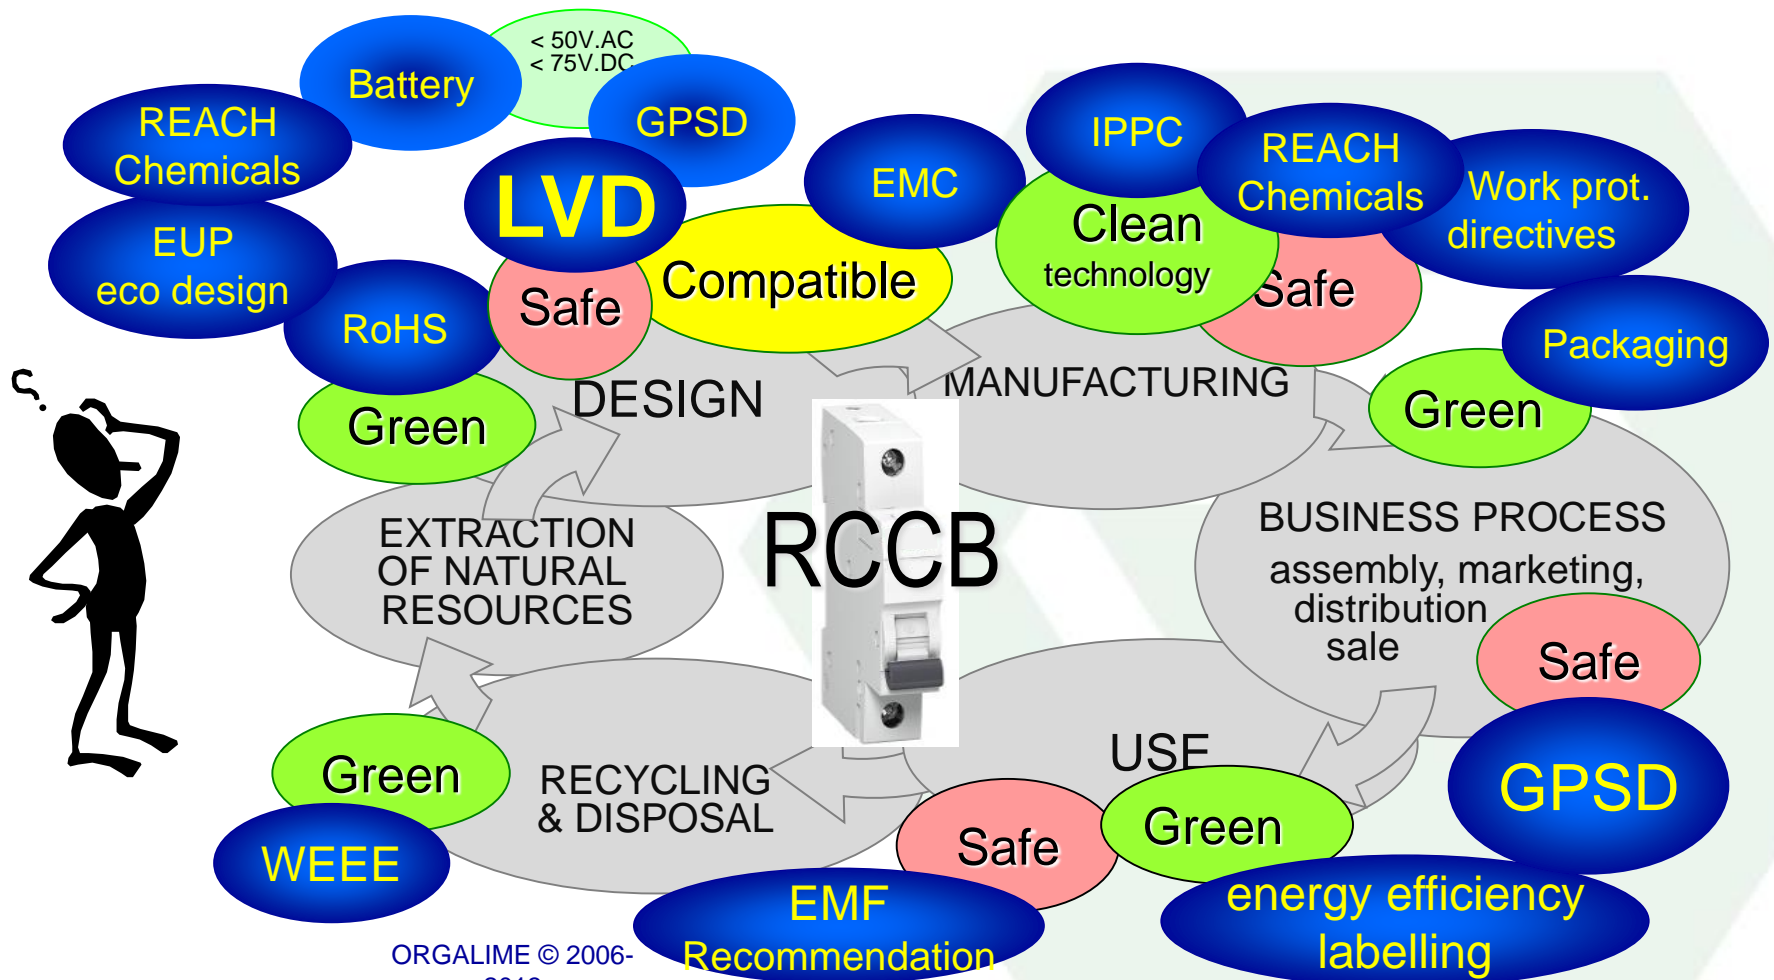

Legal issues

Manufacturers seek supportive framework conditions...

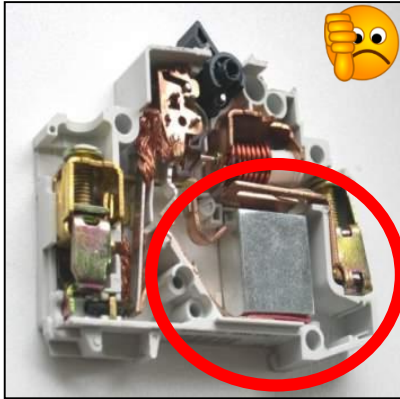

however...

Regulations have become complex... and need to be enforced

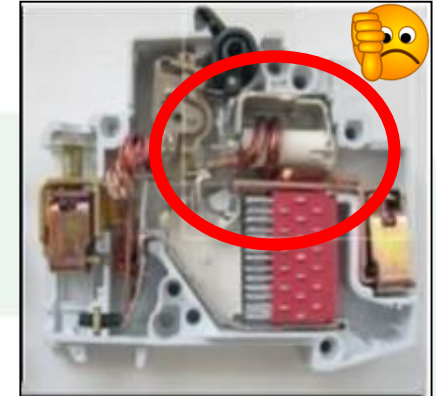

Risks linked to non compliant circuit breakers

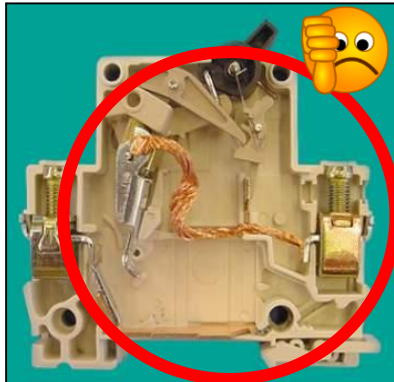

Fatalities and injuries to consumers and their families

- Electrical fires
- Electric shocks
- Serious injuries
- Deaths

Source: ASEC

Damages to goods and properties

The Electrical industry is striving for keeping their clients safe

What is 'real' product...

Standardised?

Verified?

Controlled?

Checked?

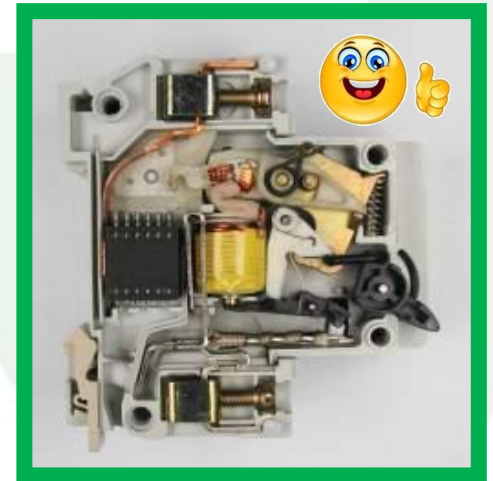

Assessed?

Tested?

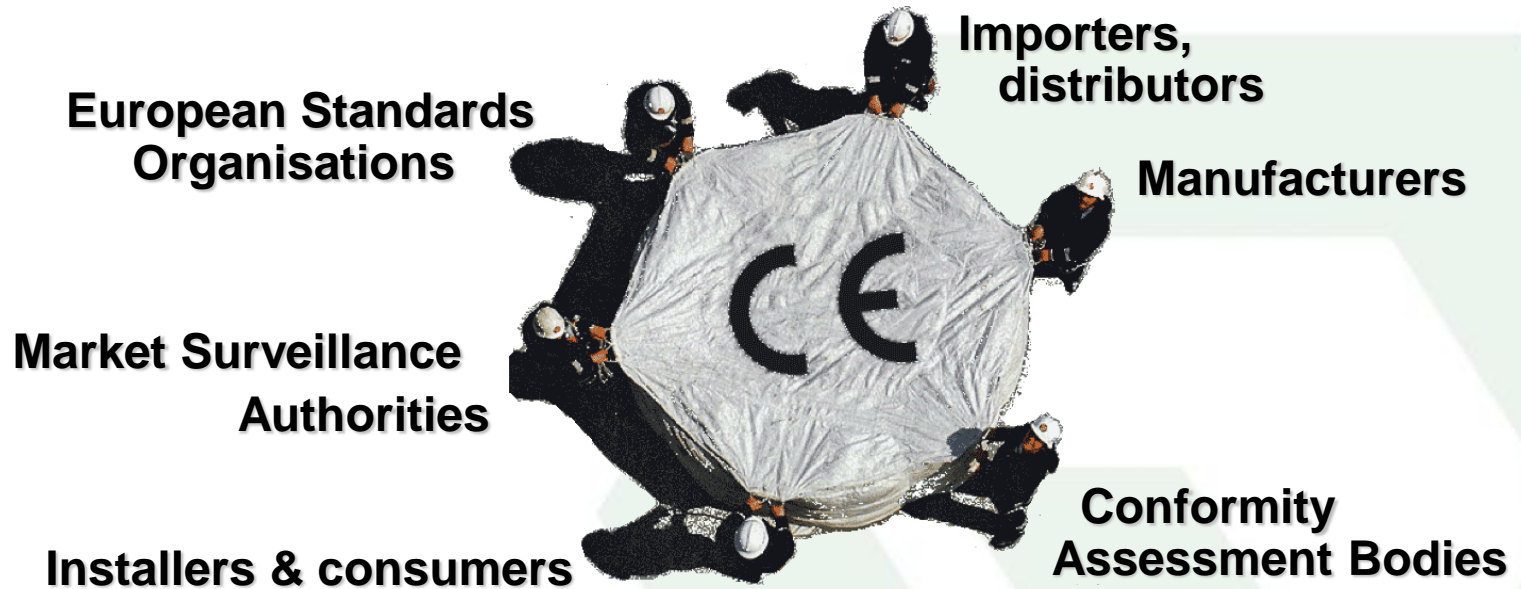

...safety?

Source: ASEC

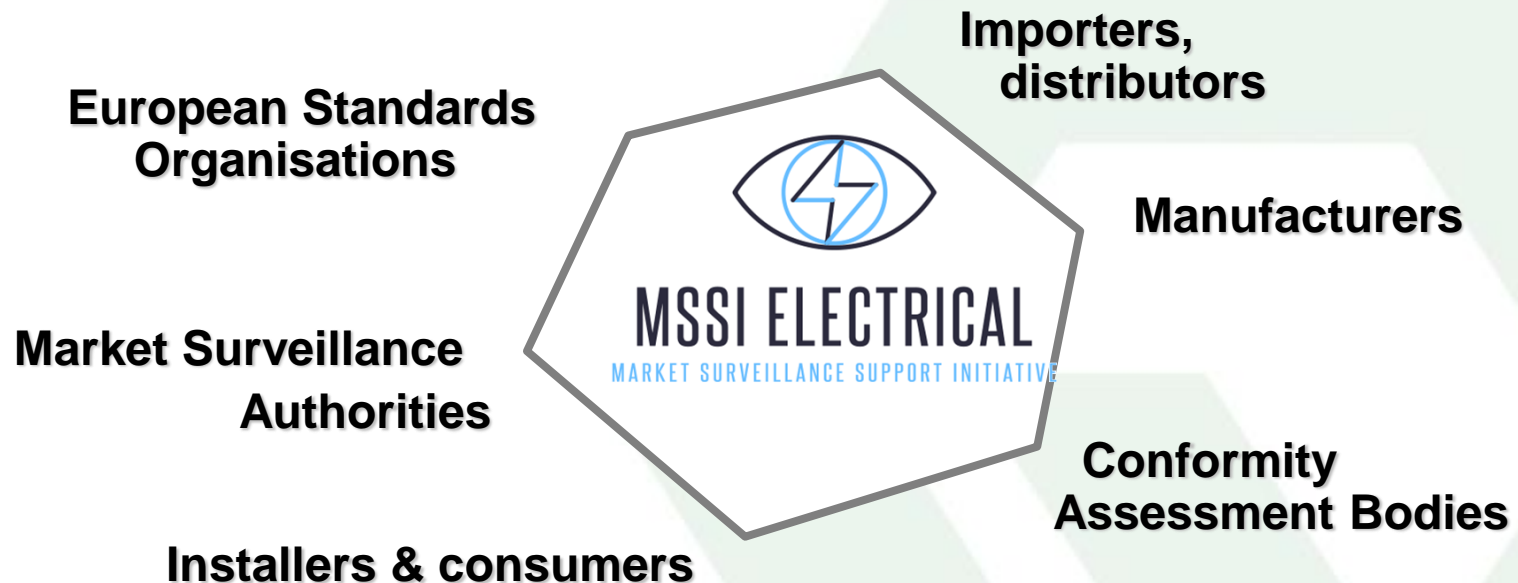

Real safety is the result of a chain of responsibility

- Our goal: Smarter market surveillance involving co-operation with stakeholders, including manufacturers

MSSI-Electrical: Towards smarter and co-operative market surveillance in Europe

- Orgalime facilitated the MSSI-Electrical as an industry bottom-up initiative towards smarter market surveillance!
